The next meeting of the club will be on Thursday, Oct. 13, at 7.30 when Mr. Tough will entertain the club with phonograph selections.

**Winter Board for Horses.**

Few towns in the state possess a stable so complete in all of its equipment as the Park street stables. So, when Mr. Higgins announces that he is fitted at his "Prospect Hill Farm" to furnish first class winter board for horses it is at once understood that the highest standard of care and comfort is assured. Prospect Hill farm would be filled with the very aristocracy of horsemanship if the horses themselves could only settle where they would like to go into winter quarters.

Arthur F. Belcher of Portland, Me., recently underwent a successful operation for appendicitis.

Miss Nellie Fitzgerald of Lawrence, was the guest Sunday of her cousin, Miss Margaret Bonner.

Hon. William H. Hodgkins of Somerville, was the guest Wednesday of his son, Willis B. Hodgkins.

Miss Nellie Pettie of South Groveland, was the guest Sunday of her brother, James Pettie, River street.

Rev. Frank R. Shipman preached a very eloquent sermon at the Methodist church last Sunday forenoon.

Last Wednesday afternoon the Congregational Ladies' Aid Society met at the home of the president, Mrs. J. H. Smith.

Mrs. Millie B. Hammond, district vice-templar, paid an official visit to Longfellow lodge of Haverhill, last Wednesday evening.

Miss Cassie Riley was the bridesmaid at the wedding of her cousin, Miss Mary Hannon, and Arthur Smith, at Hopdale, Mass., last Wednesday.

A party of six, two of which were young ladies from our town, attended a performance of the "Wizard of Oz," at the Boston theatre last Tuesday evening.

Rev. Augustus H. Fuller will begin a series of lectures to the young people in the Congregational church next Sunday evening at 7 o'clock subject, "Influence."

The electric light near the railroad crossing has been out of repair for a number of weeks. It is hoped that the matter will be attended to at once as it is greatly needed.

The Misses Rosalie and Flossie Wood gave about 15 of their friends a pit party at their home on Dale street last Saturday evening. Refreshments were served and a good social evening was enjoyed by all.

A delegation of 37 local Christian Endeavorers attended the meeting of the Andover C. E. Union at the Baptist church last evening. They were awarded the banner for having the largest percentage of members present at the meeting. Rev. William E. Wolcott delivered a very eloquent address to the young people. A good social hour followed.

At the Christian Endeavor meeting last Sunday evening Mrs. J. H. Smith, the delegate of the local society, gave a very complete and comprehensive report of the State C. E. convention recently held at Haverhill. Several other members who attended the convention told of the incidents and remarks that were especially impressed upon their minds. It was one of the best meetings held by the local society for some time.

#### Card of Thanks.

We take this opportunity of thanking our neighbors and friends for their many expressions of sympathy and comfort during our recent bereavement.

NORA J. SCOTT AND FAMILY.

The home of Mr. and Mrs. Charles F. Billington was the scene of a very happy party last Saturday afternoon, when the Sweet Pea club of Lawrence, held their third annual outing. There were 20 present and they all enjoyed a royal time. The afternoon was spent in playing games on the lawn. After a bountiful repast had been served, vocal and instrumental music helped to make the evening pass only too quickly. Miss Clara Dunderdale and James Powers of Lawrence, were initiated into the secrets of the club. The happy party returned to the city on the 10.18 train in the evening, each one feeling that their outing had been in every way a pronounced success.

#### Obituary.

##### EDWARD SCOTT.

Edward Scott, an old and much respected citizen of Ballardvale died Wednesday morning at his home on Andover street, of pneumonia, after a brief illness of only three days, at the age of 77 years.

The deceased was born in County West Meath, Ireland. He married Miss Katharine Mee and came to this country in '56. He first resided in Ware where he learned his first experience in carding in Charles Stevens' mill. Remaining there about four years he came to Ballardvale in 1860 and immediately entered the employ of J. Putnam Bradlee and was overseer of the carding room until about two years ago, his advancing years compelling his retirement from active service. His wife died about six years ago.

While Mr. Scott was a man of a retiring disposition, his kind genial manner made him many warm friends and won for him universal respect.

He leaves to mourn his loss three sons Patrick J., John W., James F. and three daughters, Nora J., Mary E. and Katharine M.

The funeral was held this forenoon at 9 o'clock from St. Joseph's church, Rev. Father Locke celebrant.

The pall bearers were James J. Bonner, Terence Riley, James Doyle and Joseph B. Scott. Interment in St. Augustine's cemetery, Andover.

#### Andover Association Meeting.

A meeting of the Andover Association of Congregational ministers was held Tuesday with Rev. Sarah A. Dixon, in her church at Tyngsboro. Rev. Frederick A. Wilson of Andover was chosen moderator, and Rev. Robert W. Dunbar of Haverhill was chosen scribe in the absence of the regular secretary, Rev. Edwin R. Smith of Lowell.

Rev. R. W. Dunbar read the first paper, which was an exhaustive review of the "Life of Rev. Henry Ward Beecher." Dr. Lyman Abbott.

Rev. J. A. McKnight of Dracut read a paper introducing for discussion the question of how to develop, among laymen, a sense of personal responsibility, in church matters. He thought that the quality, rather than the quantity of the service required, should be emphasized. Laymen must be made to feel that God calls them to service. He also emphasized the importance of Bible study, and of organization for church work. The successful pastor of the future, he said, will be a man of executive ability. He will see that it is better to set ten men to work, than to attempt, himself, to do the work of ten men. A pastor should be not only a teacher and preacher, but a trainer of men and women for leadership. One way to deepen the sense of responsibility is to place greater responsibility upon men.

In the discussion that followed, Rev. George E. Kennigott said that in order to do this efficiently, it was necessary to begin pretty early with the laymen. The Junior Endeavor society should be the pastor's training class.

Rev. Sarah A. Dixon thought that the advice people in the church should have it impressed upon them that it is their responsibility to create an atmosphere of worship in the church, a responsibility to prepare themselves for a Sunday morning service of worship. The church should be a quiet place—a place the atmosphere of which just forces men and women to bow the knee.

Rev. T. C. Welles said he believed the foundation of the whole thing, for both ministers and laymen, to be a deeper sense of God's will and God's presence.

Prof. Owen H. Gates of the Andover Theological seminary approved of sending young people to the church conferences, rather than the older and more experienced, in order to foster this sense of responsibility in the church work, among the younger members. It would be a good idea for the pastor to have a list of all of his congregation, to which he could refer in choosing delegates, for this purpose.

Rev. Minchin of Tewksbury, Dale of Billerica, and Huntington of Lowell took part in the discussion. Dr. Huntington suggested the personal influence of the few who do feel their responsibility, upon those who need to have this sense deepened.

Rev. W. E. Wolcott of Lawrence wondered whether the church committees could not be worked a little more than is the usual custom in the churches.

Rev. F. H. Page of Lawrence said that there are two classes of irresponsibilities in the world, those within the church, and those outside. Pastors break their hearts and their lives, assuming the responsibility of doing for young people, what should be done in the home. While doing the best that one can, putting it all in, it is necessary to roll the burden on the Almighty, of dealing with the irresponsibility, realizing that it is not a church problem alone.

Mr. Dunbar approved of pointing out, to each member personally, the particular thing that that person can do, and if there is a decided quickening in the person's nature, he will go and do it. If the spirit does not enter into their hearts, he did not see how the pastor, personally, could enter in.

Dinner was served at 1 o'clock in the lower room of the town hall, by the ladies of Miss Dixon's parish, and it was such a dinner as those who partook will ever remember with praise. The ladies of Tyngsboro are adepts in the fine art of hospitality.

At the afternoon session, a paper on a professional theme, was read by Miss Dixon. It was prepared by President C. O. Day of the Andover Theological seminary on "The Symbolism and Service of Clergymen, in the Life of Today."

Before adjournment, Rev. William E. Wolcott of Lawrence, Rev. C. W. Huntington, D. D., and Rev. Edwin R. Smith of Lowell, were appointed a committee, by the moderator on vote of the association, to bring in a program for discussion during the coming year, in the association meetings.

### FOOTBALL

PHILLIPS ANDOVER 16; N. H. COLLEGE 0.

The Phillips Andover academy football team began the season Saturday by defeating the New Hampshire college eleven 16 to 0 in two fifteen minute halves, on Brothers' field. But for the frequent penalties Andover's score would have been still larger as the visitors were unable to check the advance of the Andover backs.

Andover's goal was never threatened. New Hampshire made occasional gains through the Andover tackles and around the ends but was unable to do any consistent ground gaining and did not have the ball in her possession over five minutes during the entire game.

The playing of the academy team was encouraging. Its offensive work was better than its defensive, but the all-round playing was faster than is usually the case in the first game. Capt. Thompson took occasion to test a large number of substitutes and every man of them stood the ordeal well.

In the first half a team made up entirely of men who played last year was put in, including Capt. Thompson, Schildmiller, Brown, Andrews, Dillon, Austin, who played center in 1903, was tried at fullback, O'Brien and Moorehead were given a chance at quarter, Leighton was tried at center, Driver and Lynn at tackle, Bates at end and Whiting and Tancred behind the line. All showed a good knowledge of the game. Bullock, who has played fullback two seasons, is playing half at present and is keeping up his reputation as a ground gainer. Bartholomew is better at line bucking than he was a year ago when his work in that line was excellent. Andrews, a guard last year, has been put in at tackle. He is not used to the new position yet but gives evidence of developing into a strong man for that position. At present the tackles are the weakest part of the team. The center is strong and the ends are well cared for by the veterans, Brown and Schildmiller. Dillon showed his usual good judgment in selecting the plays, and Moorehead and O'Brien, who substituted, ran the team well.

There are about fifty candidates in the squad this year and for so early in the season the prospects of turning out a winning eleven seem particularly bright.

New Hampshire has a light team and started in to rush matters, but the Andover line was altogether too strong making it impossible for it to advance the ball into Andover's territory. On the other hand, the fast Andover backs ripped through the opposing line for repeated gains. The best playing for New Hampshire was done by Stockwell, Jenness, Chesley and Batchelder.

After securing the ball on the kickoff, Andover forced its way steadily down the field. Within the five-yard line New Hampshire held well, but could not prevent a touchdown, Hobbs taking the ball over for the last yard. No goal was kicked.

On the next kickoff New Hampshire started off with several good gains on end plays, but was finally forced to a goal down near the center of the field. Andover's second line for Andover's second touchdown. No goal.

Andover gained a New Hampshire's 25-yard line after the kickoff, and there Austin fumbled, the visitors getting the ball, only to lose it on a fumble a few moments later. Then Andover continued to advance to the one-yard line. There Bullock fumbled, the ball going to New Hampshire. The punt-out was short and Andover got the ball on New Hampshire's 20-yard line. From this point Bartholomew made a touchdown around New Hampshire's right end. The summary:

GLEASON BUILDING.

## MISS HANNAFORD

### ANNOUNCES

that no special opening will be held this Fall, but that she will be ready to see customers on and after . . . SATURDAY, OCTOBER the EIGHTH

Central Building - 5th Floor - Lawrence

### METHUEN.

Mrs. C. D. Holman of Pittsfield has been visiting in town.

John Doran, clerk at the local post-office has resumed his duties after his vacation.

Mrs. F. W. Blakeslee and daughter Ruth have returned from a stay in Springfield.

Walter Noyes of West Derry, N. H., is visiting at the residence of Harry D. Kelly on Felham street.

Mrs. Helen Spooner has returned from a visit with her daughter, Mrs. Russell Spring at Newton Upper Falls.

Friendship temple, Rathbone Sisters will join with Calanthe and S. Louise Gale temple of Lawrence in a memorial service to be held in Sager hall, Odd Fellows block, Lawrence, Wednesday evening, Nov. 2. The program will include an address by Hon. Archie N. Frost and musical selections by a quartet from Methuen.

Indications are that the "Old Home Week" observances at the Baptist church, Oct. 18, 19 and 20 will be well attended. It is expected that there will be the 17th, and the services on the following night, when an out of town speaker will be present and the business session next Monday. The firm will probably be well attended. The social of the third and last night will doubtless be one of the features of the observance. The roll call is being held this year in October because it is believed that more of the church members will be able to attend at that time than in January.

#### PURCHASED BUSINESS.

Benajah E. Gordon and Archie Wilkie, two well known local young men, have purchased the meat and provision business from Henry N. Hall and will take possession next Monday. The firm will be known as Gordon and Wilkie. Both young men have many friends who wish them success in their new venture. Mr. Gordon has been employed in the meat business for the past 10 years and Mr. Wilkie nearly as long.

Mr. Hall retires from business on account of ill health. He has been in the business in Methuen for the past 18 years.

#### FOOTBALL NOTES.

A football team has been organized to represent the Second P. M. Athletic association and will average about 160 pounds in weight. The team's makeup will probably be as follows: Pedler, right end; Ackroyd, right tackle; Morrison, right guard; E. Craven, centre; Fry, left guard; Trebble, left tackle; Porter, left end; Fitzgerald, left half back; H. Craven, right half back; Baker, fullback. They will play the Olivets at Look's corner, Saturday.

The Oaklands will play the Andover Crescents in that town Saturday.

The Red Stockings will play the No. Andover Black Stockings in that town Saturday.

It is reported that some of the local firemen experienced some difficulty yesterday in securing free transportation over the Lawrence and Methuen electric line to the fire at Welch's residence above Harris' pond. When the alarm sounded several of the firemen jumped on a Town Farm car. The conductor came around for the fare, and because the firemen objected to paying, explaining that they were going to a fire, he threatened to throw them off. He did not succeed, however, and when he reached a place from which he could reach the car barn by telephone, with the result that he did not ask for the fares again. It is customary in most cities and towns for firemen to ride free on electric lines when going to and from fires, and when Herbert C. Crowell was chief engineer he made arrangements with Manager Woodman whereby the local firemen could ride free over the Lawrence and Methuen lines at such times. That agreement is supposed to hold good at the present time, but was probably not understood by the conductor.

#### BETTER THAN PILLS.

The question has been asked—In what way are Chamberlain's Stomach and Liver Tablets superior to the ordinary cathartic and liver pills? Our answer is—They are easier and more pleasant to take and their effect is so gentle and so agreeable that one hardly realizes that it is produced by a medicine. Then they not only move the bowels but improve the appetite and aid the digestion. For sale at 25 cents per bottle by all druggists, Lawrence, W. A. Allen, Andover, C. H. Shattuck, Ballardvale.

### AT THE THEATRES

#### QUEEN OF THE WHITE SLAVES.

Sensational mysticism, so ably portrayed by the elder Dumas and other great novelists, is perhaps the predominant key note of "Queen of the White Slaves," the marvellous new melodrama which A. H. Woods, formerly of the firm of Sullivan, Harris & Woods, brings to the Colonial theatre, Thursday, Friday, Saturday, Oct. 13, 14, 15. It contains a strain of weirdness, which is particularly novel in these days of the modern and conventional melodrama with their set characters and rubber stamped scenes and situations. It has as one of its central characters, a detective, who rivals Sherlock Holmes in his cleverness, and who accomplished results in detecting crime and thwarting evil doers in a logical manner. There are 27 speaking characters in the play, and every one of them is a distinct type of character. As for the production, it is only necessary to say that two cars are required to transport the scenery and effects. There will be matinees every day. Best seats at matinees 25 cents. Popular prices at night, 15, 25, 35 and 50 cents.

#### "A CHILD OF THE SLUMS."

A big advantage in attending a performance of the above named play at the Colonial Theatre next week is that one may see some of the principal points of interest in New York City without having to go there. The view shown in the opening act of the play is that of an old rookery, in the "slums." Act two takes you to a village opposite Peekskill, on the Hudson and introduces a very realistic railroad scene on the West Shore R. R. Act three is a correct reproduction of the exterior of the Waldorf-Astoria hotel, showing the 34th street side. Act four, scene one, shows a reception room in the hotel and scene two takes you back to the "slums" where is shown a counterfeiter's den in a cellar, which is considered a most remarkable stage setting. Matinees every day, Monday, Tuesday and Wednesday, Oct. 10-11-12. Regular prices: Matinees, 15 and 25c; night prices, 15, 25, 35 and 50c.

The Lawrence Cricket and Athletic association held its annual election at the club house on Merrimack street last evening. The following officers were elected: Honorary president, R. F. Todd; president, A. E. Schoon; vice presidents, J. Walker, Jr., F. Sugden, R. Vincent, R. Kershaw, S. Winterbottom; treasurer, J. Pearson; recording secretary, C. F. Wainwright; captain and financial secretary, C. F. Wainwright; janitor, A. Barker.

General committee—W. Edwards, M. Tynning, H. Sheard, B. A. Walker, A. Barker, A. Gaukroger, S. McKill, W. Barcroft, S. Axon.

Auditors—William J. Halstead, A. C. Campbell.

The official scorer and recording secretary, J. Ford Murray has figured the averages of the players for the past season as follows:

#### NOTICE

Having been informed by parties on the inside, that the prevailing prices on Chinese and Japanese Matings are not likely to remain at their present comparatively low standard, on account of the trouble in the Far East, we have made a large purchase of the same, one shipment of which has already reached us, the balance to follow as soon as delivery can be made. And we now offer for sale a good assortment in all grades, ranging in price from 19 1/2 cents per yard.

We also wish to state that having secured a good connection in carpet lines, we are prepared to take orders for carpeting at prices which cannot be discounted anywhere.

In addition to the above, we might say that we are in a better position than ever to handle all work connected with our regular business, such as Carpet Cleaning and Laying, Furniture Upholstering and Repairing, new awnings and old awnings repaired and put up, etc.

## ANALYSIS OF CURRENT EVENTS

Classified, Explained, No Sensationalism or Partisanship

### COMMERCE and INDUSTRY

#### Commercial.

##### California Raisins Monopolized.

The Consolidated Seeded Raisin company, known as the raisin trust, has obtained virtual control of the entire output of seeded raisins in California and has begun a crusade against the splitting of commissions by cutting its own commission this year to 2½ per cent.

##### Lackawanna Stock at 300.

The stock of the Delaware, Lackawanna and Western railroad advanced to the record point of 300 Thursday upon a rumor that a distribution of the surplus was proposed. The regular quarterly dividend was declared.

##### Railroad Commission Restrained.

The railroad companies doing business in Georgia have brought injunction proceedings against the Georgia railway commission to prevent putting into effect the recent reductions in rates on manufactured articles and up-on ship.

##### American Line Retrenching.

Because of depression in ocean freight rates the officers of the shipping trust have decided to take off two ships from the American line after Nov. 1 and make sailings every two weeks instead of weekly. The Westernland and Nordland will be tied up at Liverpool.

##### Restricting Turpentine Output.

The paint trade has been much disturbed by the National Turpentine Operators' association in deciding to curtail the output of turpentine 10 per cent during the coming year. Turpentine is now quoted at the record point of 55 cents a gallon.

##### Union Iron Works Sold.

The Union Iron Works at San Francisco were sold at public auction Sept. 26 by order of the federal court of New Jersey for \$170,000. The only bidder was Francis D. Pollock, representing the reorganization committee of the new shipbuilding company, in which Schwab interests are dominant. The plant purchased was one of the defunct ship trust's properties.

##### Low Hungarian Steerage.

The conference of all the transatlantic lines at Frankfurt has decided to fix the steerage rate to New York for Hungarian emigrants at \$10.

#### Industrial.

##### Picking Cotton by Moonlight.

Owing to the scarcity of labor and to save the fast ripening crop, planters at Augusta, Ga., have put laborers to work picking cotton by moonlight. It is feared that the labor problem in the cotton states will cause much cotton to go to waste in the fields.

##### Not Ready For Third Rail.

The New York, New Haven and Hartford railroad is not only abandoning its experimental third rail line in the Boston suburbs, but announces that it will not be able to adopt electrical equipment for suburban trains until the invention of new appliances or the perfection of those now existing to make such a step more feasible. Further experiments will be carried on at the New York end of the line.

##### To Tunnel the Delaware.

The Inter-city Link railroad has been incorporated at Camden, N. J., with the object of constructing a tunnel under the Delaware river between that city and Philadelphia for the operation of a steam railroad.

#### Labor.

##### Steel Trust's New Age Limit.

In a circular letter to its superintendents of different plants the Carnegie Steel company of Pittsburgh, a constituent of the trust, has given instructions to employ no men over thirty-five years of age in certain departments and extending the age limit to forty in others. The order affects a large number of the most expert workers and does not apply to unskilled laborers. While the announcement was made several

weeks ago, its enforcement did not become known until Sept. 26. Many of the men thus excluded have served the company for many years in skilled positions.

##### Harvester Trust Open Shop.

Work in the Deering, McCormick and Plano divisions of the International Harvester company, which had been closed since Sept. 10, was resumed Sept. 26 on the open shop basis. The 9,000 employees went back to their old places as individuals and agreed to reductions in pay of 10 to 20 per cent and a fifty-seven and a half hour week. Nevertheless a meeting of the unions was called to consider the situation.

##### Gray Upholds Miners.

Judge Gray, to whom the controversy of the anthracite coal miners on the check weighman question was referred, made known his decision Sept. 26 in favor of the miners. He supports the position taken by Umpire Carroll D. Wright. This means that when a majority of the miners at any colliery request it the management must provide for check weighmen and check docking bosses, whose wages are to be paid from reductions in the earnings of contract miners.

#### SCIENTIFIC

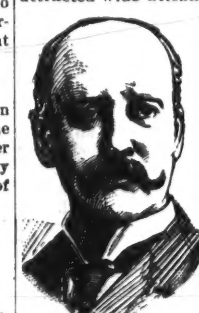

##### Hoffman's Rotary Engine.

A remarkable claim in the science of engineering has just been made public by William H. Hoffman of Buffalo, namely, that he has perfected a rotary engine which will enable railroad trains to travel 120 miles an hour with less friction than at present, greatly increase the speed of steamships and send single cars at almost lightning pace, and all this more economically than under present conditions of transportation. This inventor has a thirty horsepower engine now in operation at Buffalo, and a 500 horsepower engine is being made for the plant in which the Hoffman engines are to be constructed. A number of prominent engineers are said to have verified Mr. Hoffman's claim. The feature of his engine is that it makes use of the expansion of steam, the engine being cut off entirely with the connection of the boiler supply for two-thirds of every revolution. The inventor claims that gas as well as steam can be used in this type of engine. He says there are absolute absence of vibration and an economy of 75 per cent in space. If successful it will do away with the rack and gear of the piston rods and work a revolution in all fields of industry.

#### EDUCATIONAL

##### The Tenement Versus Schools.

The statement made by Superintendent Maxwell of the New York city public schools at St. Louis last week that the tenement house destroys the home and that without the well ordered home the school could accomplish little has attracted wide attention. He said further that nothing short of a revolution in the existing tenement house system would restore the poor to something like normal conditions. To accomplish this he declared that the tenement house must be eradicated and that the city government "should use its credit to purchase tracts of unoccupied land upon which to erect model homes amid pleasant and sanitary surroundings" to be rented or sold at moderate profit.

Superintendent Maxwell.

Dr. Maxwell went still further in advocating that the authorities supply a simple, wholesome midday meal for hungry school children in the public

schools, a practice now in vogue in the schools of Paris and in many English cities. "In no other way," he said, "can we be sure that the school will, as far as education may, provide equal opportunities for all." Dr. Maxwell advocated the government inspection and registration of private and parochial schools.

#### SOCIOLOGICAL

##### Should Officeholders Vote?

The idea advanced by James Bryce, the famous British student of American political institutions, in his address at St. Louis last week in favor of disfranchising all officeholders is receiving serious consideration by the press of the country. With the object of making the administration of the nation's affairs less corrupt Mr. Bryce urged that no public officer should be permitted the right of suffrage and that all public servants should be forbidden to canvass, to speak or to write on any political subject. "Teach him," he says, "to regard himself as a servant of the nation and not of a particular political party."

##### French Labor Students Here.

A delegation of Frenchmen sent by their government to study labor conditions in the United States arrived at New York Sept. 25, led by Professor Metin of the Colonial and Naval Cadets Schools. After a brief inspection of New York the party started on a tour of the country which will include ten days at the world's fair. The delegation may be likened to that brought from England by Alfred Mosely to study American schools. On its return each member will write a report of his observations, which the government will have printed.

#### Miscellaneous

##### Accidents.

A most appalling disaster occurred on the Southern railroad near Knoxville, Tenn., Sept. 24, when two heavily loaded passenger trains crashed together while rounding a curve. Sixty-five persons were killed and 125 were seriously injured. The disaster was due to the failure of the engineer on one of the trains to read his orders correctly, either through disobedience or carelessness.

Three persons were killed and twenty-nine injured in a collision of a passenger train and a standing freight on the Maine Central railroad, Sept. 23, at Lewiston, Me. The accident was due to an open switch.

Fire destroyed several large buildings of the Bethlehem Steel plant at South Bethlehem, Pa., Sept. 24; loss, \$400,000.

Four men were killed by an explosion in the boiler room of a cotton gin near Raleigh, N. C., Sept. 23. The explosion was caused by an overpressure of steam.

A large part of the business district of Dawson, Yukon territory, was swept by fire Sept. 24; loss, \$250,000.

A fast freight train on the Baltimore and Ohio railroad near Cumberland, Md., Sept. 23, struck a wagon loaded with 750 pounds of dynamite at a crossing. The engineer and fireman were killed and many houses wrecked.

During a recess nine schoolgirls were suffocated at Pleasant Ridge, O., Sept. 23, when the floor of an outhouse adjoining the main school building collapsed, throwing them into the vault.

The town of Canargo, Mexico, was destroyed by a flood in the San Juan river Sept. 29, rendering 5,000 people homeless.

The main building of the University of Minnesota was destroyed by fire Sept. 25, entailing a loss of \$125,000, fully covered by insurance.

##### Deaths.

George Frisbie Hoar, senior United States senator from Massachusetts, died at his home in Worcester early Sept. 30 after an illness of several weeks. He had been unconscious for two days. Mr. Hoar had been in the senate since 1877. He was born at Concord, Mass., in 1826.

Colin Hunter, a well known English painter, died at London Sept. 25, aged sixty-three.

Rear Admiral Fernando P. Gilmore, retired, U. S. N., died at New York Sept. 26. He was fifty-seven years old.

Frederic W. Rhineland, president of the Metropolitan Museum of Art, died at Stockbridge, Mass., Sept. 25.

Professor Neils Finzen, the noted Norwegian therapist, discoverer of the Finzen light, died at Copenhagen Sept. 24.

Louis Fleischmann, the well known New York baker and originator of the bread line, died at his home in New York Sept. 27.

Lafadio Hearn, the well known exponent of Japanese life, died at Tokyo Sept. 28, aged fifty-four.

Milt G. Barlow, author of the song "Ole Black Joe" and old time minstrel, died at New York Sept. 28.

Ex-Mayor Franklin Edson of New York died at his home in that city Sept. 24, aged seventy-two.

### All Stuffed Up

That's the condition of many sufferers from catarrh, especially in the morning. Great difficulty is experienced in clearing the head and throat.

No wonder catarrh causes headache, impairs the taste, smell and hearing, pollutes the breath, deranges the stomach and affects the appetite.

To cure catarrh, treatment must be constitutional—alterative and tonic.

"I was afflicted with catarrh. I took medicines of different kinds, giving each a fair trial; but gradually grew worse until I could hardly bear, taste or smell. I then concluded to try Hood's Sarsaparilla, and after taking five bottles I was cured and have not had any return of the disease since." EUGENE FORBES, Lebanon, Kan.

### Hood's Sarsaparilla

Cures catarrh—it soothes and strengthens the mucous membrane and builds up the whole system.

#### Lawrence Millinery Openings.

##### THE BOUQUET.

Mrs. E. C. Monk had a treat for those who attended the opening at her millinery store, The Bouquet, 210 Essex street, Tuesday evening, a treat most pleasing to the eye and most tempting to the pocketbook. Yellow predominated in the hat trimmings displayed, a rich copper color being especially noticeable. Many shades of brown had also been used with most pleasing effect on the hats and the popularity of foliage and velvet roses for trimmings was easily explained by the fetching results attained. Mrs. Monk makes a specialty of trimming hats for her patrons and the taste shown on the hats which had been prepared for the opening was recommendation enough of her work.

##### MRS. K. A. BRODIE.

Taste in display and taste in decoration marked the millinery opening at Mrs. K. A. Brodie's, 341 Essex street, last evening. Autumn leaves in gorgeous shades were arranged about the walls, adding much to the attractiveness of the well lighted interior and blending well with the brightly trimmed hats which were on exhibition. A woman would be hard to please who could not find a suitable hat in this large and stylish assortment. The window display at Mrs. Brodie's is remarkably attractive and the stock has been selected with a view to having as great a variety for customers to select from as possible.

##### M. F. HOGAN.

The opening of fall millinery at M. F. Hogan's store, 321 Essex street, which took place Tuesday evening and continued Wednesday attracted large numbers of women, who were very enthusiastic in their praise of the beautiful and full line of hats and bonnets comprising all the latest styles. All colors of ribbons and materials for trimming hats are in stock.

Miss Hogan went to New York where she obtained ideas as to the latest shapes and is therefore capable of supplying those of her patrons with the very latest effects in headgear.

The attendants are genial and accommodating and take great pleasure in showing the goods.

##### MARY E. FLETCHER.

Miss Mary E. Fletcher held her annual fall opening Tuesday evening. In the millinery department the hats are noticed to have higher crowns and are of a somewhat larger shape than last year. The prevailing colors are burnt orange, burnt onion and some green.

##### MISS MACKEOWN.

announces that she will have no regular opening this season, but pattern hats, models and millinery novelties are now on exhibition at 351 Essex street, Gleason building.

##### MISS S. E. WYLDE.

Miss S. E. Wyld's showing of fall millinery opened yesterday and will be continued today and tomorrow. All the newest styles are shown by her and former customers and prospective purchasers are invited to inspect the stock.

##### MISS HANNAFORD.

announces that no special opening will be held this fall, but that she will be ready to see customers on and after Saturday, October 8, at the Central building, fifth floor, Lawrence.

#### To Cure a Cold in One Day.

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box 25c.

#### MERRIMACK ELEVEN DOWN BOSTON ROVERS.

The Merrimack team defeated the Boston Rovers in the Merrimack Valley association football league Saturday afternoon, 4 to 0. The visitors played most of the game short-handed, having only nine men during the latter part. Considering their handicap, they played a good defensive game.

Capt. Grievs announced that he should protest the game on the ground that Campbell was not registered. The summary:

Merrimack	Boston Reserves
Campbell	Grievs
Sefton	Smith
McCluskey	Wilkinson
Reed	hbb
Pangburn	chb
Sutton	hbb
Guthrie	rf
Dawson	rf
Lowe	c
Chadwick	rf
Paton	rf
Score	Merrimack 4 Goals by Paton, Guthrie, Lowe, Chadwick. Referee, Connor of Andover. Lineemen T. Barlow for Merrimack, Smith for Boston.

#### FUNSTON ON VALOR.

General Funston, at a dinner party, complimented the valor of the Japanese.

"Their valor," he said, "is not like that of a certain captain of the past."

"This captain was about to lead his company into battle. He drew his sword and waved it."

"Now, my brave fellows," he shouted to his men, "you have a tough struggle before you. Fight like heroes till your ammunition is gone; then run like antelopes I'm a little lame, so I start now."

### Local Winter Activities.

When the "frost is on the pumpkins" we are accustomed to begin to think of the things that go nicest with in doors. To be sure there will be a month or more of football and there is still a slight remnant of baseball hanging upon the outside edges of sport, but the real winter activities are close upon us for all these side shows.

In communities like Andover nearly all of the winter social, religious, and philanthropic activity is confined within the direction and control of the different churches. They were for many years the only meeting places of the people, and they have continued to hold the different bodies of people to a greater or less degree.

But Andover has already recognized to a slight extent the fact that certain activities can best be served outside of church lines and restrictions. Thus we have in our midst an organization called the "Guild", which is charitable, and social science work has begun to fill a commanding position in the community. Its work is always going on, but its largest opportunity comes as the colder weather sets in. So far as charitable work is concerned, we are inclined to think that there will be an almost universal opinion that many excellent results have been secured by the formation of the Guild. More intelligent giving and a more general interest in worthy work have marked the yearly growth of the organization, and the future of the Guild would be assured by this much success if no other results came from its works.

But the results from the "social economy" side of this excellent organization do not seem to us to be, or to promise, all that is possible in a town like Andover. They have not succeeded in gathering within their ranks a very large element in the town which is absolutely essential to complete success along that line. The town is full of small disjointed bands of young and old all interested in one or another of the branches which the Guild would like to direct. No one of these branches is booming, and many languish very pitifully. Probably it is impossible to ever get them all together, but we cannot help believing that in some way there is a possibility of getting many of them to unite in a harmonious, working organization, an organization that shall bring in all the present social work of the Guild and add to it the athletic and entertainment sides now so generally outside. The steps which have been taken thus far have been many and the results secured are encouraging as to possibilities, but they are all so much at cross purposes and lead so many different ways there is a very great waste of energy and interest.

"How shall these interests get together?" We don't know. We have only an indefinite sort of idea, but there is a lot of wisdom in Andover to settle a way, if it can only be brought to bear upon the problem. There cannot be results from any such movement for a long time, but there can be a beginning made of study and plan this very winter. There is no winter activity possible for Andover that can compare in importance with an active earnest study of the problem of intelligently combining the social life of the town, now represented by a score of different organizations, for social, historical, intellectual, and athletic enjoyment.

### Editorial Cinders.

The people over in North Andover wanted a site for their new Boys' Club house and grounds and they wrote to one of their good citizens for a price upon a desirable location. He sent them a warmly approving letter and gave them the land. We mention this as suggesting some nice possibilities for some of our own good citizens when bye and bye the workers here in Andover along similar lines shall get their plans into good shape for positive work.

Andover knew very little of the life of the generous benefactor of Phillips who passed away this week, but his will always be an honored name in the town, because of his interest in the Academy. The name of Peabody is an honorable addition to the long line of men who have aided, by gifts and labor, the growth and influence of Phillips Academy.

This is the time when our beautiful trees are more or less of a nuisance, because of falling leaves and the general clutter they make. It requires almost daily attention to keep them picked up, but such vigilance is necessary to keep the streets clean and culverts clear.

Foreman Doherty, of Hardy & Cole's force shingling at Dean's building, unearthed a silk hat with the imprint, "Made by Isaac C. Day, Andover." Who can tell us when the aforesaid Day made silk hats in Andover?

## REP. COLE RENOMINATED

Interesting Convention Last Evening at Town Hall.

The Republican Representative Convention was held in the lower Town hall on Thursday evening, when the delegates from this town, North Andover and Middleton met to choose a candidate for the Massachusetts Legislature to represent this district.

The convention was called to order at eight o'clock by William Halliday, of North Andover, temporary chairman. Permanent organization was effected with the choice of William Halliday, chairman, and Nesbit G. Gleason, secretary.

James C. Poor moved that a committee to collect, sort and count credentials be appointed by the chair, and the following were chosen: Charles L. White of Andover, Walter H. Hayes of North Andover, and Charles W. Hutcheson of Middleton. The report of this committee through Mr. White showed that Andover was entitled to ten votes, with one delegate missing, North Andover eight, and Middleton one.

The next duty was to name a candidate, and nominations were called for by the chairman. Charles L. White in a very neat speech nominated John N. Cole. Mr. White said that it was a very pleasant duty to nominate Mr. Cole, as he has rendered this district and the state valuable service during his two years of office. He has been very prominent in the Legislature, and his services have been highly appreciated. He moved that Mr. Cole be nominated by acclamation. The vote was unanimous.

James C. Poor moved that a committee of three be appointed by the chair to escort Mr. Cole to the hall, and George L. Barker of North Andover, John W. Bell of Andover, and Charles W. Hutcheson of Middleton were appointed on that committee.

Mr. Bell presented Mr. Cole, who was greeted with prolonged applause. Mr. Cole thanked the delegates for their continued confidence, and briefly touched upon the pleasure he had had from serving "the best constituency in the State". He urged all to work hard for a large Republican vote this year.

The chairman then called for nominations for a district committee. Walter H. Hayes, of North Andover, moved and it was voted that the chairmen of the different town committees serve as the district committee. A motion was made by Mr. White that the district committee be empowered to fill a vacancy that might occur through death or disability.

James C. Poor moved that the convention dissolve, and it was voted. At the close of the convention Mr. Cole invited the delegates to remain and enjoy a lunch and a pleasant chat on republicanism. The invitation was accepted by all and Caterer Rhodes served the guests with a very dainty collation.

The following delegates were present: T. Frank Pratt, John W. Bell, Charles L. White, J. Warren Berry, David Shaw, Nesbit G. Gleason, Alexander Lamont, James Saunders, of Andover; William Halliday, George L. Barker, James C. Poor, John Barker, Walter H. Hayes, Joseph Duncan, John B. Lewis, Wm. Reynolds, of North Andover; and Charles W. Hutcheson of Middleton.

Hon. E. J. Castle, of Methuen, Republican, candidate for senator, was present by special invitation and met the several delegates.

### Annual Meeting.

There is a peculiar fitness in the occurrence of the annual meeting of the Andover Home for Aged People in the season when all Nature is getting old and tired. A successful effort has been made during the past year to enlarge the annual membership hoping in that way to increase the interest in this most worthy object. If any one who hasn't been solicited, wishes to join the corporation, let them send a dollar to the treasurer. Don't think however that your duty is done when the bill has slipped from your fingers. Not at all. If you can't give twenty thousand dollars yourself, and we must have twice that amount—find some one who will give it. The world is full of generous givers. Find them, everybody, and find them this year. The board of managers for the coming year is: Pres., J. H. Smart; 1st vice pres., Mrs. F. E. Gleason; 2nd vice pres., Mrs. H. F. Wilson; directors for three years, Mrs. Mary S. Jackson, Miss Ellen G. Ellis, Mr. F. S. Boutwell, John N. Cole; for two years, Dr. E. M. E. Sanborn, Mrs. Joseph W. Smith, John L. Smith and George T. Eaton; for one year, Mrs. Katharine Middleton, Miss Emily Carter, J. Warren Berry, J. H. Campion; treasurer, George A. Parker; clerk, Mrs. M. S. McCurdy.

### Minstrels Progressing.

Rehearsals for the Society Minstrels are being held nearly every evening in the Town Hall and are making splendid progress. Mr. Rodenbaugh, the director, who was formerly in the professional minstrel business, is able to secure the best sort of edmen's conversation, songs and novel ideas from his professional friends who are still with the big road companies. About 45 prominent ladies and gentlemen, including the best singing and comedy talent, are taking part and are very enthusiastic over the prospects. Some special features are the pickaninies by 15 little tots in black faces, a solo with fancy dance chorus by eight young ladies, and a grand cake walk by four couples of the best dancers in town, each couple doing entirely different steps, and competing for a real genuine cake.

Nothing will be left undone to make this the best possible show that can be given by amateur talent. The entertainment will be given in the Town Hall two nights, Monday and Tuesday, October 24 and 25, and the profits will be given to the Andover Playstead and will be well worthy of public patronage.

### Basket Party.

The basket party given by the Daughters of Rebekah last Monday evening proved a great success. After the lodge meeting was over the baskets were auctioned off by Frank Higgins and George Millett as cashier.

After the sale was over the party adjourned to Pilgrim hall, where the buyers disposed of the contents with the previous owners.

Later in the evening dancing was participated in, and an enjoyable time was spent by all.

### C. E. Quarterly Meeting.

The quarterly meeting of the Andover Christian Endeavor Union was held with the Baptist society last evening when a most helpful and enjoyable meeting was the result.

Colver J. Stone, president of the Union, presided and called for the various reports. The missionary report was read by the secretary in the absence of the missionary reporter, and was very interesting.

Rev. William E. Wolcott of Lawrence, delivered the address of the evening, taking for his subject "Growth through Activity." Mr. Wolcott gave some good advice to the young people for their Christian living.

The Ballardvale society was awarded the banner, having the largest percentage of members present.

After the meeting refreshments were served by the home society and a social hour followed.

### Andover Athletic Association.

A meeting of the Andover Athletic association was held in the lower town hall on Tuesday evening when considerable important business was transacted. In the absence of the president, Nesbit G. Gleason was appointed temporary chairman.

Captains and managers of the football and hockey teams were elected and it is planned to start at once on the football field. Thomas Maloney was elected captain and Philip Reed manager of the football team; and Edward Nolan manager of the hockey team.

The treasurer's report showed a good surplus in the treasury after the successful season of baseball.

It was unanimously voted to hold a dance in the Town hall the latter part of this month and a committee was appointed to conduct the same.

### Andover Guild Notice.

## Obituary.

## MARY (COUTTS) HOLT.

The whole community was shocked and saddened by the sudden death of Mary Lindsay Coutts, wife of Walter B. Holt, which occurred at her home on Whittier street last Friday afternoon.

Mrs. Holt was satisfactorily recovering from her recent illness, and was resting in the early afternoon, when a feeling of dizziness suddenly came over her. Mrs. Soehrens, who occupies part of the house, heard her call for help, and on entering the room found her unconscious. She immediately went for assistance, but before medical aid could be secured or her husband summoned, Mrs. Holt had passed away.

She was the second daughter of William C. Coutts of 34 Maple Avenue. Born in Andover, September 14, 1879, her whole life has been spent in this community. She was essentially a home woman, brightening the family circle, and filling a mother's place in her father's home, until her marriage with Walter B. Holt a little less than a year ago. Mrs. Holt was of a bright, loving and cheerful disposition and well liked by all with whom she came in contact. She was a member of the Free church, and sang for a number of years in the choir of that church.

Cut off in the very springtime of life with all that was brightest before her, her death is all the more keenly felt by family and friends. Beside her husband she is survived by her father, two brothers, William M., and David L., and two sisters Alice M., and Bertina C., to whom the wholehearted sympathy of the community goes out in their great bereavement and sorrow.

The funeral services were held Monday afternoon at her late home on Whittier street, and were conducted by her pastor, Rev. F. A. Wilson, and by Rev. F. R. Shipman of the South church, where her husband had made his church home. The large gathering of sorrowing relatives and friends, and the beautiful floral offerings spoke touchingly of the esteem and love in which she was held. There was no music but Rev. Mr. Wilson read Katharina von Schlegel's beautiful and inspiring hymn, "Be still my soul; the Lord is on thy side."

The bearers were William M. and David L. Coutts, and John V. and Arthur Holt. Burial was in the Spring Grove cemetery, where prayer was offered, and the body laid tenderly in its last resting place.

## MRS. MARY L. SHEARER.

The death of Mrs. Mary L. Shearer, for over forty years a resident of this town, occurred Monday morning, October 3rd, at ten minutes after five o'clock, aged 80 years and 27 days. She had been failing gradually since early in March but was not confined to her bed until the first week in September, since which time she rapidly lost strength until the end. Her death was due to the weakness of old age.

Mrs. Shearer was born in Palmer, Mass., September 6th, 1818, the daughter of Rev. Joshua and Minerva Reeves Hamilton, being one of eleven children, of whom two sisters still survive. At the death of her father the family removed to Ware, Mass., where they resided for a number of years.

She was married to John H. Shearer, a civil engineer, December 18, 1848, living with him to Boston to live, and shortly after. He deceased in 1892, and in 1894 she came to live in Andover in order that her children might enjoy its educational advantages.

She occupied the old Turner residence on School street for two years, then removing to her present home on Abbot street, where she has since resided. She had two children, a daughter, Mrs. Mary S. Van Vleet, who died in February 1893, and a son, Charles H. Shearer, who has made his home with her for the past eleven years and who survives her. The funeral which took place at 1.30 p.m., Wednesday, October 5th, was conducted by Rev. F. R. Shipman and was attended by a number of relatives and friends. The burial was at Spring Grove cemetery.

## MRS. TRYPHENA BAILEY.

The death of Mrs. Tryphena Bailey, wife of Rufus Bailey of West Parish, occurred on Monday after an illness of two weeks. Mrs. Bailey has been a resident of Andover for many years but is a native of New Hampshire.

The last tender rites over the remains of Mrs. Bailey, were held at her late home on Lowell Road in West Parish, West Andover, at 2 o'clock Wednesday afternoon. The services were conducted by Rev. J. Edgar Park, pastor of the West Andover Congregational church. The services were attended by many friends of the deceased who was an old resident.

## REPUBLICAN CAMPAIGNERS.

Marching Club Formed by Andover  
Young Men—Will Parade in Salem  
Next Week.

A number of young men of the town met in the lower Town hall on Monday evening when a Republican campaign club was formed and plans laid for the fall parades. About fifty young men were present and great interest was manifested in the project.

The members have been busy for the past few weeks endeavoring to arouse interest for the formation of the club and the Republican Town committee assisted in every way to further the cause.

Forty-six names were signed and it is expected that there will be seventy-five before the first parade is participated in. They are considering the advisability of taking part in the parade in Salem on Oct. 12.

The style of uniforms was decided upon, a unanimous vote accepting the Rough Rider suit with leggings. The outfit will cost \$2.50, a dollar of which will be borne by the members of the club, the remainder by the Republican Town committee.

The following officers were chosen: Capt. John Henderson; first lieutenant, Philip Pasho; second lieutenant, Andrew Collins; first sergeant, George Brown; second sergeant, Robert Lockhead; third sergeant, Ray Cole; fourth sergeant, Cutter Foster; first corporal Bert Lyall; second corporal, Edward Roggegan.

The suits are expected to arrive next week.

The members of the company are as follows: William H. Guard, Walter Donovan, Alex. Dudley, Edward Roggegan, Frank H. Mears, Robert Crockett, Herbert Lyall, Andrew Collins, William Morrissey, Thomas Chadwick, Ray Cole, George Walsh, John Wylie, George B. Sellars, Cleveland Milnes, James Dick, George Dick, Frank Murphy, Edward Murphy, Joseph Lloyd, James Ireland, Andrew Dickson, Isaac Leach, Dudley Lindsay, William Connelly, Cutter S. Foster, Arthur Manning, Alexander MacKenzie, Robert Lockhead, William Berry, John O'Brien, Peter Connors, Nate Shattuck, Robert Dickson, David Anderson, James Anderson, John Henderson, Philip Pasho, Joe McQuire, George Brown, Gus Flodin, John McDonald, Harry Flint, Frank A. Powell, William Donahue, George Ireland.

## WEST PARISH.

Mr. and Mrs. William Cutler, who have resided in Andover for some time past, have purchased a place on Andover street, South Lawrence, and will reside there in future.

The Ladies club of the Grange was entertained by Mr. and Mrs. G. L. Burnham and Mr. and Mrs. J. L. Morrill, last Tuesday evening.

Mr. G. K. Cutler of the purchasing department for the American Woolen Co., is enjoying a few weeks' vacation.

The regular meeting of the Grange next Tuesday evening.

Mr. and Mrs. W. N. Pike, and Miss Katharine Pike, have returned from a two weeks' trip through New-Brunswick and Nova Scotia.

The Juvenile Missionary society will hold their annual fair in the church vestry, Friday evening, Oct. 21.

The Christian Endeavor society will give an informal reception to Rev. J. Edgar Park, in the church vestry this evening.

Mrs. H. H. Pease of Medford, is visiting her sister, Mrs. E. G. Hardy.

This morning quite a quantity of ripe raspberries was picked on Oak Dale farm which belongs to Geo. L. Averill.

## Remembered by Friends.

Last Friday evening about twenty-four of the young ladies of the cutting room of the Tye Rubber company called on Frank B. Jenkins, their former overseer, at his home on School street and presented him with a beautiful gold fob and cuff links. Mr. Jenkins was greatly surprised and pleased by the visit as he had not the least idea that he would be so handsomely remembered. The event was occasioned by the severing of Mr. Jenkins' connection with the Tye Rubber company as foreman for a position with the American Woolen company at Boston.

The presentation speech was made by Miss Julia Cullinane in behalf of the gathering and Mr. Jenkins responded, thanking them for their remembrance of him.

Refreshments were served and a social time followed.

## BAD FIRE AVERTED

Prompt and Efficient Work of the Fire  
Department Saves "Dean" House  
From Destruction.

An alarm of fire last Sunday afternoon about 4.30 called the department to a brisk blaze in the house owned by Charles E. Howland on Main street. The residence was formerly owned by the J. H. Dean heirs but this spring Mr. Howland of New York purchased it and had it thoroughly repaired and improved. A few months ago his family moved into it.

The fire originated from an over heated chimney. A fire had been made in an open fire-place and the heat forced its way through the bricks to the wood-work in the front and dining rooms. The fire had been smoldering for some time before it was noticed coming through the partition in the attic as, on investigation, it was seen that the wood-work was charred but not thoroughly burned.

More damage was done by smoke than fire and very little water was used, extinguishers being brought into use. The firemen succeeded in covering most of the furniture, thus saving it from being destroyed. After more than half an hour's hard work the recall was sounded. The alarm was given by the conductor of a passing electric car, he being about the first to notice the fire.

The damage is estimated at about \$500 and is insured. Mr. Howland is president of the American De-greasing company whose works are in Frye Village.

## Wedding.

## RAMSDALL-FINDLAY.

On Wednesday evening at 7 o'clock occurred the wedding of two of Andover's young people, Harry A. Ramsdall, an attorney, son of Mr. and Mrs. Marshall L. Ramsdall and Miss Susan Catharine Findlay, daughter of Mr. and Mrs. William Findlay.

The ceremony took place at the new residence just completed for Mr. Ramsdall at the corner of Summer and Whittier streets and was attended only by relatives and immediate friends of the contracting parties. The ring service was used and the knot was tied by Rev. F. A. Wilson of the Free church.

The bride and groom were unattended but little Winnifred Burr, daughter of Mr. and Mrs. Albert Burr, officiated as ring bearer.

The bride was dressed in French organdie trimmed with valenciennes lace and carried bride's roses. The ring bearer looked very attractive in pink silk.

From half past seven to half past eight a reception was held when many friends acted as ushers all being dressed in white. They were Misses Alice Currier of Lawrence and Mary Findlay of this town, head ushers, and Misses Olive Wadfield and Minnie Howell of Andover and Florence Walton, Ethel Dean and Bertha Towey of Lawrence. Refreshments were served, Rhodes catering.

The happy couple left town on the 9.30 train and will spend a few weeks in Washington, D. C. They were the recipients of many useful and ornamental presents.

Friends and relatives were present from New Haven, Conn., Lawrence, Methuen and North Andover.

## Andover Club's Annual Meeting.

The annual meeting of the Andover club was held in their rooms in the Musgrove block on Wednesday evening, when officers and committees for the ensuing year were elected and other important business transacted. At the close of the meeting a banquet was enjoyed by the club members, T. E. Rhodes catering under the management of L. A. Belknap, chairman of the house committee.

The officers and committees elected were as follows: President, Harry M. Eames; vice-president, John V. Bell; treasurer, Barnett Rogers; clerk, Charles L. White; board of directors, Lewis T. Hardy, Frank H. Hardy, George A. Brown, J. E. Whiting; entertainment committee, John N. Cole, Andrew McTernan, Frank H. Messer, Charles L. White, Frank H. Hardy; house committee, Lyman A. Belknap, Lucius F. Hitchcock, Frank H. Messer; finance committee, Barnett Rogers, Brooks F. Holt, Charles A. Booth.

## Ladies' Night at Grange.

The Ladies' club of the Grange were entertained on Tuesday evening by Mrs. George L. Burnham and Mrs. J. Warren Moor, two prominent members of the organization. There was an attendance of about 60 and the evening was spent in a most enjoyable manner, listening to a talk by John N. Cole on his recent trip to the St. Louis fair. Mr. Cole spoke in a very interesting way of the beauties and wonders of the great fair and he spoke especially of the agricultural exhibit.

During the evening James Leslie rendered several piano solos which were much enjoyed.

A woman whose handsome back comb was forever slipping out of her hair had a little gold chain attached to it by means of a tiny hole bored through the upper right hand corner. To the other end of the chain was attached a shell hairpin. This simple device saved her many anxious moments, and she still has her comb.

## CHAPTER OF ACCIDENTS

## Dr. Conroy Injured.

Last Saturday afternoon shortly after two o'clock Dr. Conroy met with an accident while riding in his carriage from this town to Lawrence. He was just driving over the electric car tracks near the Andover line when a car bound for Lawrence struck one wheel of the carriage, overturning it and throwing Dr. Conroy to the ground. The car was not going very fast at the time and it is very fortunate as more serious damage would have resulted.

The car crew with the aid of passengers carried Dr. Conroy to a nearby house and a physician was summoned. He was later moved to his home in the square and at last reports is resting very comfortably. His ankle was severely wrenched and it is not known whether he was hurt internally yet or not. Dr. Birmingham of Lawrence is in attendance.

## Fell From Tree.

On last Saturday afternoon Charles Tyler of Washington avenue met with a very dangerous besides painful accident while picking apples on his land. Mr. Tyler was picking apples in an old tree, standing on one limb holding on to another above with one hand. Without the slightest warning both limbs gave way and Mr. Tyler fell heavily to the ground. He landed squarely on his feet but fell over. He was taken to his home and an examination by a doctor found that the base of his spine was severely injured by the jar. He will be confined to his bed for some time but it is hoped that he will ultimately entirely recover.

## Broke Two Ribs.

Benjamin F. Wardwell, one of Andover's oldest and most respected citizens met with a painful accident while at work on his land, at the corner of Summer street and Washington avenue, last Saturday afternoon.

Mr. Wardwell was standing on a high ladder picking fruit, when in some way he lost his hold and fell to the ground. He was taken to the house and a physician summoned. He found that Mr. Wardwell had broken two ribs but was not otherwise severely injured. As he is over 80 years of age it was feared that the accident might prove very dangerous, but Mr. Wardwell has always been very healthy his complete recovery is looked for. At the last report he was resting comfortably.

## Death.

At the Jane Devlin farm in West Andover, on Friday, September 30, Eleanor Garigan, aged 3 months. Interment in Lawrence on October 1.

## HAVERHILL CYCLE CLUB WON.

The Tigers of Andover, who have not been defeated in two years, were down before the Haverhill Cycle club football team Saturday afternoon on the new athletic field by a score of 6 to 0. In the first half the ball remained in the centre of the field for the greater part of the time, except when Follansbee of the Haverhill team got off two clever punts of about 60 yards each. The H. C. C. backs gained through the Andover left side, and Andover made a few gains through Haverhill's left side. End runs were tried by both teams, but neither side could gain. The second half was hard fought, the ball continually changing hands. On a quarterback run Follansbee went 75 yards for a touchdown behind beautiful interference, every man on the team getting into play. Follansbee then kicked the goal.

# WHAT ALL THE WORLD IS DOING

Trend of Civilization in All Lines From Week to Week

## POLITICS and GOVERNMENT

### Foreign.

#### Prince Mirsky's Promises.

Hopes of a brighter day for the Jews of the Russian empire have been stirred by the public address of Prince Sviatopolk-Mirsky, the new Russian minister of the interior, at Vilna before departing for St. Petersburg last week. Addressing the Jewish community, he promised that justice would always be done them in future. He was quoted as saying that he would act in the spirit of the czar's manifesto of 1903, that he was opposed to forcible repression and in favor of education and that both ultra radicalism and ultra conservatism should be avoided. A new constitution, he thought, was impossible at present, but he was in favor of local self government as exemplified in the zemstvos.

#### Peace Declared in Uruguay.

The report that peace had been declared between the Uruguayan government and the revolutionists under General Munoz was confirmed at Buenos Ayres Sept. 25. It is anticipated that foreign governments will file heavy claims for damages to their residents.

#### London's New Lord Mayor.

Alderman John Pound, head of the London General Omnibus company, was chosen lord mayor of London Sept. 29 for the ensuing year, succeeding Sir Thomas Richard. He is very wealthy.

#### Dominion Parliament Dissolved.

In anticipation of general elections in Canada Nov. 3 the parliament was dissolved Sept. 29 at Ottawa. The principal issue is said to be the building of the Grand Trunk Pacific railway.

### Legal and Criminal.

#### British Diplomat Fined.

The third secretary to the British embassy, Hugh Gurney, who has been spending the summer at Lenox, Mass., was fined for violating the Massachusetts speed law as to automobiles and for contempt of court, Sept. 26, by Special Justice H. C. Phelps of the Lee district court. Mr. Gurney refused to plead on the ground of diplomatic immunity and immediately notified the state department at Washington. The justice thought there was nothing in the Massachusetts common law exempting any one from lawbreaking. Nevertheless, on suggestion of the state department, Governor Bates caused the fine to be returned and forwarded to Washington an apology made by Justice Phelps. The Massachusetts authorities were disposed to urge the recall of Mr. Gurney. Little sympathy for the latter is expressed in British official circles.

#### Buffalo Aldermen Indicted.

District Attorney Coatsworth of Buffalo, N. Y., opened his campaign against graft, Sept. 26, by notifying seven aldermen or ex-aldermen to answer allegations contained in indictments found upon transactions in connection with city contracts. Other indictments were expected.

#### Omaha Strikers Sentenced.

Business Agent Stevens and thirty-six of the South Omaha packing strikers were found guilty of contempt by Judge Munger in the United States district court. Stevens was fined \$250 and the others \$20 each and sentenced to jail as an alternative. The case is to be appealed.

#### Militia Company Punished.

Acting Governor Cunningham of Alabama has approved the report of the military court called to investigate the militia company which failed to protect the negro, Horace Maples, from lynching on the night of Sept. 7. The company was mustered out.

### Executive.

#### Armenians See President.

The delegation of Armenian prelates called on President Roosevelt Sept. 28 to thank the American people for contributions to relieve the survivors of massacres in Armenia and to enlist the aid of this nation in preventing future disturbances.

#### Battleship Connecticut Launched.

In the presence of 35,000 spectators, including Secretary of the Navy Morton and many men prominent in official life, the battleship Connecticut, which, with her sister ship, the Louisiana, is the largest and most powerful war machine in the world, was launched without hitch at the Brooklyn navy yard Sept. 29, being christened by Miss Alice B. Welles, a granddaughter of Lincoln's secretary of the navy. She failed to break the bottle of champagne against the vessel's side as the vessel started on the ways, but one of the workmen on the bow seized the rope to which the bottle was tied and gave the ship its liquid baptism. The

Connecticut has a displacement of 16,000 tons, a length of 450 feet, breadth of 76.10 and is to be armed with four twelve-inch, eight eight-inch and twelve seven-inch guns. Her estimated cost is \$3,500,000.

#### Carriers With Cyclometers.

To aid the postoffice department in adjusting salaries on an equitable basis the rural free delivery carriers in Minnesota, Wisconsin, North and South Dakota and Iowa are being supplied with cyclometers to measure the distance traveled.

#### To Call Peace Congress.

President Roosevelt has announced his determination to ask the nations of the world at an early date to join in a second congress at The Hague for the promotion of arbitration. This was in response to the resolution of the interparliamentary union, about 150 of whose members were received by the president at the White House Sept. 24.

#### Cigar Stamp Order Sustained.

Secretary of the Treasury Shaw, summoned from his speechmaking tour in the west to confer with the president at Washington regarding the revenue cigar stamp order, announced, Sept. 29, an official decision in this important controversy between the tobacco trust and the independents. The Armstrong order is sustained, and new stamps will be made smaller and placed on the bottom of the boxes. Secretary Shaw said that the old stamp was wrong in principle, being large enough to be a display advertisement, and that the government ought not to be advertising goods for trades people to the disadvantage of others.

#### Denver and Des Moines O. K.

The naval board of inspection have conducted the trial of the protected cruiser Denver off the Virginia capes and found that the vessel met all requirements. The department has also accepted the cruiser Des Moines, which fell a little short of contract in the matter of speed.

### General.

#### Roosevelt Letter Satire.

A campaign flurry was created by the publication in the Miners' Magazine, official organ of the Western Federation of Miners, of a letter to Michael Donnelly, signed by President Roosevelt, in which an attack is made on union labor and advising Donnelly to put a stop to the meat strike. An investigation was started by the president's secretary and federal officials to find the signer of the letter, which was declared to be a forgery. Attention was drawn to the fact that it was nothing more than a clever satire published some time ago in an editorial of the New York Evening Post, which specifically explained that it was a letter which the president "might have written with advantage to himself and his country."

#### Steffens on Wisconsin.

"A state wherein the people have restored representative government" is the definition of Wisconsin made by Lincoln Steffens in his latest article on "Enemies of the Republic" for the October McClure's. He finds that Wisconsin is the story of Governor La Follette, who is in fact "the head of the state." He quotes the business partner of the late Senator Sawyer as saying that he spent \$22,000 to get the legislature which sent Spooner to the senate, while Sawyer spent \$30,000 more for the same purpose. The same man said he spent \$30,000 to send Sawyer to the senate.

This statement has been hotly re-sented by Senator Spooner, who charges that the whole Steffens article is filled with malicious slander and base fabrications.

#### Campaign Notes.

The report came from Des Moines that ex-Speaker Henderson would be unable to appear in public, as announced, on account of physical and mental infirmities. This report, however, was denied by Mr. Henderson's family.

A significant incident of Candidate Parker's visit to New York was the call of Dr. John H. Girdner, the close

friend of W. J. Bryan, shortly after a visit from ex-Governor Thomas of Colorado, who came to personally deliver the speech recently made by Mr. Bryan at Denver. From these conferences it is presumed that the Democratic leaders have renewed hopes of carrying some of the western states.

The Democratic state convention of Rhode Island has renominated Governor L. F. C. Garvin on a platform dealing mostly with state issues.

The old story of factional strife in the Republican party in Delaware was repeated in the conference at Wilmington. Both the Du Pont, or regular Republicans, and the Addicks, or Union Republicans, have nominated state tickets, uniting only on presidential electors.

Thomas E. Watson, the Populist nominee for president, was taken sick at the close of his speech at Jackson, Miss., Sept. 27, and was advised by his physician that he must cancel further campaign engagements and seek absolute rest. Later he was reported better.

Following the denunciation of Governor Odell of New York in the state Democratic platform, the Democratic attorney general, Cunneen, made a specific statement of various acts of the Odell administration against which he had rendered opinions. Governor Odell has made a general denial of personal or party profit from any of the acts mentioned.

Robert Treat Paine, Jr., thrice Democratic nominee for governor of Massachusetts, has announced himself for Roosevelt on the negro issue.

Vice Presidential Candidate Fairbanks continued his stumping tour through Minnesota and the Dakotas and Montana. At Helena he made answer to the Parker letter of acceptance by declaring that the president had purged the public service of evil doers.

The United Brotherhood of Carpenters has proclaimed the Democratic national ticket as unfair because Candidate Davis is said to have discriminated against unionism in the Davis Colliery company of Chicago.

An anti-Parker Democratic national league has been organized at Chicago composed of disaffected Democrats. A. W. Maxwell of Iowa is its president.

It was reported that Judge Parker had been persuaded by his managers to make twelve campaign speeches in different states.

## RELIGIOUS

#### Gregorian Chants at New York.

Archbishop Farley of New York has obeyed the pope in the matter of church music reform. The commission appointed by the archbishop announced its decision in all the churches of the diocese. It is to restore the Gregorian music to the place of honor in the various services, except in the ordinary mass, when modern music may be used provided it is religious in character and follows the liturgical text without vain repetitions. No music is to be adapted from secular sources, and women's voices are to be banished from the choir. Stress is to be laid upon the service rather than upon the music. The teaching of music in Catholic schools is recommended.

It was estimated that an audience of 15,000 people attended the open air service in behalf of church unity on the site of the proposed Cathedral of St. Peter and St. Paul, overlooking the national capital, Sept. 25, in which Archbishop Davidson, the English primate, and scores of prominent prelates of all the Protestant denominations participated. The singing was led by a chorus composed of all the vested choirs in the city. While in Washington the primate was received by the president, who gave a dinner in his honor.

#### Primate's Washington Meeting.

Several prominent Salem citizens have offered financial assistance to the Republican city committee to push the cases against Democrats for voting in the caucuses Wednesday night. The committee will hold a meeting to consider what course to take.

The Asbury Mentor for September, published in the interests of Asbury Grove has appeared. The publication is nicely gotten up and the publisher and editor is Miss Justine A. Riggs of Gloucester. Besides general news of Asbury Grove, there is a full account of the camp meeting held from Aug. 29 to Sept. 5.

The grade crossing work on the Little river bridge location, Haverhill, has been stopped as an injunction has been brought against J. Ross and Sons, the contractors having charge of the work, by the owners of the land abutting. The contention is made that the work has been carried on on the property when the owners were not acquainted with the plans or intentions of the company.

**Mrs. Fairbanks tells how neglect of warning symptoms will soon prostrate a woman. She thinks woman's safeguard is Lydia E. Pinkham's Vegetable Compound.**

"DEAR MRS. PINKHAM:—Ignorance and neglect are the cause of untold female suffering, not only with the laws of health but with the chance of a cure. I did not heed the warnings of headaches, organic pains, and general weariness, until I was well nigh prostrated. I knew I had to do something. Happily I did the right thing. I took Lydia E. Pinkham's Vegetable Compound faithfully, according to directions, and was rewarded in a few weeks to find that my aches and pains disappeared, and I again felt the glow of health through my body. Since I have been well I have been more careful. I have also advised a number of my sick friends to take Lydia E. Pinkham's Vegetable Compound, and they have never had reason to be sorry. Yours very truly, Mrs. MAY FAIRBANKS, 218 South 7th St., Minneapolis, Minn." (Mrs. Fairbanks is one of the most successful and highest salaried traveling saleswomen in the West.)—\$5000 forfeit if original of above letter proving genuineness cannot be produced.

## COUNTY NEWS.

It is claimed that Democrats voted Republican tickets at the caucuses in Salem Wednesday and there were no challenges in one ward alone.

The twenty-second year of the ministry of Rev. William H. Rider, D. D., over the Independent Christian society, Gloucester, commenced Sunday.

The funeral of Miss Bessie G. Davis who met death on the rocks at Lee's beach, Beverly Farms, on Monday, was held on Thursday afternoon.

Howard Quill, 12 years of age, Newburyport, was arrested for larceny of a watch. He had so much money to spend that the source of his income was investigated.

Mrs. Eva Crawford, who met with a painful accident by breaking off a needle in her thumb recently, had the needle removed at the Emergency hospital but is still under treatment at that institution.

A meeting of the managers of the Haverhill Amateur Basketball league was held last week at the Nonpareil club rooms, 60 Merrimack street, and arrangements were made for the re-organization of the league.

Charles L. Odiorne of West Newbury was Saturday morning ordered held for the grand jury in bonds of \$500 on a charge of breaking and entering and larceny, the case, being one of the most peculiar ever brought out in the local court.

Schooner American, the fifth of the fletches, arrived in Gloucester from Baccille Bank Saturday forenoon with a fare of 60,000 pounds of fletches. The craft brings no additional news, finding bait and fish like the other crafts very scarce.

At a sale of estates for unpaid back taxes to the city of Salem, yesterday, the Misery Island club property, being all of Misery Island, Salem harbor, was sold to a syndicate of the bondholders of the club for the taxes of 1902 and 1903.

Boy stone throwers have done a great deal of damage to the windows of Haverhill school buildings during the recent vacation season. It is believed that over \$100 has been expended in the past month for replacing broken window glass.

## COUNTY CONVENTION

Derbyshire Defeated

SALEM, Oct. 3.—Peters for district attorney, Bates for county commissioner, Johnson for sheriff is the ticket.

Peters' vote was 146 to 79 for Haskell, Bates had 141 to 84 for James H. Derbyshire of Lawrence for county commissioner.

A single ballot in each instance sufficed.

While the committee on ballots was out on the county commissionery, nominations were made for special county commissioners by acclamation, the convention being in great confusion and few delegates voting. One of the nominees selected was Ernest A. Dick of Lawrence, who was named by a Lynn man. The law precludes a city or town having membership on the board of county commissioners if it is represented among the special commissioners, and this fact was strongly brought out in an argument against the nomination of the action made by Representative John N. Cole of Andover, and the action was rescinded, a Boxford man being nominated for the place.

The convention met this morning in the Court room at Salem. Isaac C. Day of Boxford, chairman of the county committee, called to order as temporary chairman, and C. O. Dugan of Salem, temporary secretary, read the call.

A committee on credentials was appointed as follows: E. C. McIntire, Gloucester; Austin Whitcomb, Beverly; James Burns, Lynn; Horace Sargent, Haverhill, and Henry Arnold, Methuen. They reported the presence of 224 delegates out of 225 entitled to seats, the vacancy being in the North Andover delegation. The delegates from that town were authorized to fill the vacancy.

The temporary organization was made permanent. Hon. W. A. Butler, who had been selected to act as permanent chairman, failed to appear through a misunderstanding.

On motion of Mr. Pingree of Haverhill, a ballot for district attorney was ordered.

The following were appointed a committee to receive, sort and count: Maurice Stevens, Lynn; John Ashton, Lawrence; C. B. Bray, Beverly; D. S. Babson, Gloucester.

After the ballot had been taken, and while the committee had retired to consider its report, Louis Towey of Lawrence moved that the time be taken up in making nominating speeches for county commissioner. On a ye a and nay vote the motion was declared lost.

Carleton H. Parsons of Gloucester nominated Samuel Johnson of Salem for sheriff, and the motion unanimously prevailed.

Mayor Roswell C. Wood of Haverhill moved the appointment of a new committee on ballots to have charge of the vote for county commissioner, which was declared carried. Louis Towey of Lawrence had not understood the ruling on his motion, and stood up and addressed the convention on its unfair action, and warning the delegates that it would react against the Republican party in the county.

The chair was sustained in the ruling, and at this point the committee reported the ballot for district attorney as follows:

Whole Number. 225  
Necessary for a choice. 121  
Peters for district attorney. 146  
Haskell of Beverly had. 79

And W. Scott Peters was declared the nominee amid cheers.

While the ballots for county commissioner were being sorted, nominations for special county commissioners were made by acclamation, there being much confusion in the hall, and few taking part. The nominees were Sherman Nelson of Georgetown and Ernest A. Dick of Lawrence.

A county committee was elected with but few changes from last year, including James H. Moran of Lawrence, John N. Cole of Andover, Henry Arnold of Methuen, and James C. Poor of North Andover.

At this point Representative Cole of Andover addressed the convention, calling attention to the trick that had been played in making nominations for special commissioners. Mr. Cole said, "I do not believe that members of the convention realize the consequences of their action in nominating E. A. Dick of Lawrence as a special commissioner, for by doing Lawrence is shut out of the chance of having a representative on the board of county commissioners for at least three years. This action was taken when the convention was in considerable disorder and when the members knew what was going on. A Lawrence man was picked out for the sole purpose of preventing that city from having a representative on the board of commissioners. It was a Lynn man who nominated Mr. Dick. In the interest of fair play, I urge upon you to reconsider that vote and give Lawrence the same opportunity as any other city to name a county commissioner."

Louis Towey also addressed the convention on the same matter, claiming that Mr. Dick had been nominated without consent of the Lawrence delegation, who demanded that their rights in this matter must be respected.

Ex-Senator Archie N. Frost of Lawrence made an earnest appeal for fair play in seconding Mr. Cole's motion, which was carried with only one dissenting vote. Then Mr. Frost nominated Isaac C. Day of Boxford and he was chosen unanimously.

The vote for county commissioner was announced as follows:

Whole number. 225  
Necessary for a choice. 113  
Wallace Bates of Lynn. 141  
James H. Derbyshire of Lawrence. 84

Just before the convention dissolved on motion of Judge Berry of Lynn the following vote was passed:

That this convention desires to place on record its profound regret at the death of the Hon. George F. Hoar, Massachusetts' distinguished senator.

The following Republican committee for Essex county was elected at the county convention: John M. Cole, Andover; E. C. Sawyer, Beverly; Isaac C. Day, Boxford; Harry E. Jackson, Danvers; Willard A. Burrham, Essex; Sherman Nelson, Georgetown; Milton B. Hamilton, Gloucester; Harry Vaughn, Groveland; George H. Gibney, Hamilton; Frank E. Watson, Haverhill; James W. Bond, Ipswich; George F. Harwood, Lynn; Wilbur J. Munroe, James H. Moran, Lawrence; E. P. Stanley, Manchester; B. J. Judkins, Marblehead; Frank W. Goodwin, Merrimack; F. B. Tarr, Rockport; Mr. Lunt, Rowley; Charles O. Dugan, Salem; Caleb C. Russell, Salisbury; Charles H. Mansfield, Saugus; Weston K. Lewis, Swampscott; J. B. Poor, Topsfield; E. Leon Dodge, Wenham; Henry G. Chase, West Newbury.

## SENATORIAL CONVENTION

Representative Castle Nominated

Representative Edwin J. Castle of Methuen was nominated for senator at the Fifth Essex Republican senatorial convention held in the common council chamber at city hall Thursday afternoon. The nomination was made by acclamation.

The convention was called to order by Louis S. Cox of the state central committee at 2:15 o'clock.

On motion of ex-Representative Buswell of Methuen, ex-Senator Archie N. Frost was chosen temporary chairman and George McLane, Jr., of Methuen was chosen temporary secretary.

George A. Higgins of Andover moved that a committee on credentials be appointed and Mr. Higgins of Andover, Mr. Currier of North Andover and Nathaniel Rankin of Lawrence were appointed.

The committee reported 28 out of 39 delegates present, including 17 from Lawrence, five from Methuen, three from Andover, two from North Andover and one from Topsfield.

On motion of Mr. Buswell of Methuen it was voted that the temporary organization be made permanent.

Mr. Frost thanked the delegates for the honor conferred and in a brief speech urged the Republicans of the district to get together, "for," said he, "the district has been and can be carried by Republicans. It has been Republican more than it has been Democratic."

"The district is to be changed next year and it is highly important that a Republican should be elected this fall so that Republican interests in this senatorial district may be protected. The district belongs to the Republicans and must be held by them."

Mr. Frost closed with an eloquent eulogy of the late Senator Hoar.

Ex-Representative Buswell of Methuen presented the name of Edwin J. Castle of Methuen as the Republican candidate for senator from the fifth district and a nomination was made by acclamation.

In his speech nominating Mr. Castle, Ex-Senator Joseph Buswell of Methuen said: "By mutual agreement it has been conceded that Methuen may have the privilege of naming a senatorial candidate for the fifth district. The Republican party is not satisfied with candidate who has a perpetual smile. We want something more than good fellowship. We want ability. We want a man who feels it is his duty to perform all the duties of the office."

The senate chamber is not a vaudeville show but it is a dignified body from which have graduated some of the ablest men of Massachusetts. We want to keep up the standard and the man I have to name is a man who I believe will carry out our ideals. Coming to Methuen 25 years ago a poor youth, he has broadened and gained the confidence of both Republicans and Democrats in Methuen.

"This is a Republican district and Republicans will have no excuse for not supporting so able a candidate."

Mr. Buswell then presented Mr. Castle's name.

Edward Abbott and Richard Carden were appointed a committee to bring the candidate before the convention.

On motion of Fred N. Abbott, Louis S. Cox of Lawrence was re-elected a member of the state central committee.

A senatorial committee elected comprises the chairman of the various city and town committees in the district.

Edward A. Bower of Methuen moved that in case of death or disability the district committee be empowered to fill the vacancy but it was so voted.

On motion of Nathaniel Rankin the delegates arose and stood for a moment with bowed heads out of respect for the late Senator Hoar.

Mr. Castle was greeted with prolonged applause when he was presented.

He spoke as follows:

"Mr. Chairman and Gentlemen of the Convention: I thank you for the honor you have conferred upon me in nominating me to be your candidate from this district—and I assure you it affords me great pleasure to accept the nomination and if elected I will endeavor to do nothing that will cause you to regret having placed that trust in me. But gentlemen, I am like many in this world, if you give them one gift they want two. Now I want the second, that is your friendship, so that when we meet in this campaign we can work in harmony and push the whole Republican ticket on to victory. This district should be represented in the senate by a Republican at all times, but especially is this true of next year. For by the death of our lamented Senator George Frisbie Hoar, the legislature of next year will be called upon to elect two U. S. senators and this district should have a voice in the choice—and that voice should be of a Republican. The decennial redistricting is to begin next year and the welfare of this district can only be safely guarded by a Republican. You have seen fit to select me to represent you in the senate and I ask you not as a candidate but as a Republican to see that success crowns our efforts. Again I thank you and pledge myself to perform the duties of the office as senator to the best of my ability."

## CHAMBERLAIN'S COUGH REMEDY.

No one who is acquainted with its good qualities can be surprised at the great popularity of Chamberlain's Cough Remedy. It not only cures colds and grip effectually and permanently, but prevents these diseases from resulting in pneumonia. It is also a certain cure for croup. Whooping cough is not dangerous when this remedy is given. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. It is also pleasant to take. When all of these facts are taken into consideration it is not surprising that people in foreign lands, as well as at home, esteem this remedy very highly and order it after having used it. For sale by all druggists.

## CONGRESSIONAL CONVENTION

Ames Renominated

LOWELL, Oct. 4.—The Republicans of the Fifth Congressional district today renominated Congressman Butler Ames of this city at one of the most harmonious and enthusiastic conventions ever held in the district.

The convention was called to order in Jackson hall at 11 a. m., by Frank L. Weaver of this city, chairman of the Congressional committee. Representative John N. Cole of Andover nominated Mr. Ames and George G. Frederick of Methuen for temporary chairman and secretary, respectively, and they were elected. Mr. Ames, making a short speech of acceptance.

William H. Russell of Lawrence was chairman of the committee on credentials, which reported that 87 delegates were present.

The Hon. N. P. Frye of North Andover nominated Alonzo G. Walsh of Lowell for permanent chairman, he being unanimously elected. James T. Hill of Lowell and the Hon. Archie N. Frost of Lawrence were appointed a committee to escort Mr. Walsh to the chair. In an appropriate speech Mr. Walsh accepted the honor, taking occasion also to speak warm words of eulogy for the late Senator George F. Hoar.

George G. Frederick of Methuen was elected permanent secretary.

The name of Congressman Ames was presented to the convention by Frank E. Dunbar of Lowell in a neat speech and Representative Cole spoke eloquently in seconding the nomination which was made by acclamation.

E. H. Humphrey of Lawrence was chairman of the committee of three which was appointed to bring the candidate before the convention.

Frank L. Weaver of Lowell nominated the

When out from the point as they were leaving Greenwood's cove a squall struck them and the boat was overturned. George Butterworth came up under the boat but immediately dove down and came up outside. All five men were thrown into the water and were saved undoubtedly by a friend, who saw the accident and put out for their rescue from the camp. The quintette escaped with a complete ducking.

#### SUNDAY MORNING FRACAS IN STAD NORTH ANDOVER.

The outcome of the cutting affray which took place in North Andover very early Sunday morning was that Hugh McGuire was killed and Thos. Porter \$10 for assault upon Daniel Donahue a farm hand employed at Lake View farm. The three together with a woman giving the name of Mrs. Sarah Brooks of 110 Broadway, Lawrence, were held on the charge of drunkenness but Judge N. P. Eye said it to continue their case on this charge. The two men paid their fines and all were allowed to go.

It seems that Donahue and the woman were together when McGuire and Porter who board with McGuire at 48 Ashland street, passed them as they were getting a drink at the fountain at Sutton's corner. There were some few words passed. This was after the 11 o'clock car from Lawrence had reached Sutton's corner. At about 1.45 o'clock Sunday morning two men, William Callahan of 25 Bennington street and C. F. Linsky of 67 Washington street, Lawrence, called at Constable George L. Harris' home on Church street. They had come down Sutton street and had heard the Brooks' woman shouting and saw Donahue as he lay prostrate on the sidewalk between the corner and the Sutton mill gate. Several men were standing about. They drove in their team to the Sutton street crossing of the Boston and Maine and told the night flag man what they had seen. He woke up Michael F. Campbell across the street. The two men in the carriage were directed to the police station and finding no one there went to Davis and Furber's office. The watchman directed them to Constable Harris' house.

They took Harris in their team and carried him to the scene of the affray. He found Donahue used up and lying apparently dead on the sidewalk. Knowing Harris, McGuire and Porter started to leave. Harris overtook them and at the point of his revolver drove them back to where Donahue lay. Campbell then left for help and came back with Officer John M. Campbell. In the meantime Harris stood guard. Together they took charge of the four people. After a fight with the officers McGuire was ironed, but Porter succeeded in getting away. He was later arrested at his home on a warrant by Constable Harris and Officer Fred L. Sargent.

After all were lodged in police station Dr. George E. Goodwin was called to attend Donahue who was in bad way. His head was badly cut from a kick it is supposed. His neck was cut and his face bruised badly.

Court was held Monday morning at 7.45 o'clock. Attorney C. J. Mahoney appeared for McGuire and Porter.

#### CAUSE OF LOCKJAW.

Lockjaw, or tetanus, is caused by a bacillus or germ which exists plentifully in street dirt. It is inactive so long as exposed to the air, but when carried beneath the skin as in the case caused by percussion caps or by rusty nails it is supposed. The germ is roused to activity and produces the most virulent poison known. These germs may be destroyed and all danger of lockjaw avoided by applying Chamberlain's Pain Balm freely as soon as the injury is received. Pain Balm is an antiseptic and causes cuts, bruises and like injuries to heal without maturation and in one third the time required by the usual treatment. It is for sale by all druggists. #### Wedding

#### YOUNG-DEBUSSEY.

On Wednesday evening Oscar T. Young was quietly united in marriage to Miss Clara DeBussey.

The ceremony took place at 7 o'clock at the residence of Charles H. Farnham, 328 Andover street. The knot was tied by the Rev. Thomas J. Robnett, pastor of the Unitarian church, Lawrence. The couple were unattended. The groom is a well known resident of the Centre, being foreman at "Hayfields." Miss DeBussey is the daughter of Mr. and Mrs. Adolphus DeBussey of West Virginia. She is well known in the prominent social circle.

Mr. and Mrs. Young have the best wishes of their numerous friends for a long and happy union.

After an absence of two weeks on the wedding trip, returning they will make their home at "Hayfields."

#### NORTH ANDOVER BOYS TOOK SECOND GAME.

The Young Men's Catholic association of North Andover turned the tables on the E. Frank Lewis team at Glen Forest Saturday afternoon, defeating them by the score of 6 to 4, which more than even matters up, the latter having been the victors in a previous contest. Lamb was in the box for the Lewis team while McGrady did the twirling for the North Andover boys. Honors were about even between the two slab artists.

The game was devoid of any sensational plays. The real feature of the game was the batting of Hodnett, an Andover lad who was playing with the Y. M. C. A. team. He was up four times and made a single in each instance. Saunders and McCarthy also batted well. "Tim" Mahoney held the indicator and was impartial, thereby giving great satisfaction. The game:

#### Letter to S. H. Bailey.

Andover, Mass.

Dear Sir: There are these five ways of badness in paint:

- (1) stuffed out with chalk, or something like that;
- (2) barytes, better than chalk, but no covering to it; nobody knows it's there;
- (3) benzine in the oil, or water, or other such stuff;
- (4) too thin—too much liquid, whatever it is, for the solid;
- (5) short measure.

Now will you buy by the price per "gallon?" We furnish our agents with a state chemist's certificate of analysis that tells what's in Devoe.

Yours truly,

## ANDOVER NEWS.

#### Association Football.

The local Association football team lost to Quincy last Saturday afternoon on the local grounds in a well played game. In the first half the Andover players were rather weak on the defensive, allowing the visitors to score three goals to their one. In the second half, however, they worked hard and were rewarded with three goals for themselves, allowing the opponents only two more. A large crowd witnessed the contest and kept up the spirit of the players. The final score was five to four in Quincy's favor. Haddon, Sterling and Moore played good ball, as did Hughes at goal. The following was the line-up for the local team: Goal, Hughes; backs, Moore and Pyfe; halfbacks, Sterling, Haddon and Matthews; forwards, R. Cairnie, Anderson, Campbell, A. Matthews, D. Falconer.

#### Literally Electrifies.

Figuratively as literally, Louis Salisbury "electrifies" every spectator of his fine exhibition of life-size and lifelike moving pictures, which will be presented in the Town hall on Friday evening, Oct. 7. The true reasons of his great success are common to all achievement. It is by infinite and painstaking attention to every phase and detail of mechanical and electrical points of moving pictures, combined with a native ingenuity and resource that characterizes and distinguishes the Louis Salisbury exhibition over every similar exhibition in existence. In brilliancy of projection, scope of subjects, and accuracy of sound effects, this exhibition is today more than ever since moving pictures became an institution, uncomparable, because incomparable. The program throughout possesses that rare charm and fascination of pleasing alike, old and young. In many cities the exhibition is now on its 20th semi-annual visit. Surely no more could be said for the sterling merits of any attraction. Tickets, 10c and 20c, on sale at the Andover Bookstore.
